Question: When was the last time you asked God for a greater understanding of something? What was it?

Tuesday 1 Kings 4:29-30

Wednesday Matthew 22:34-40

Question: Sometimes wisdom seems easy, but then more difficult once you reflect on it. Like our passage this morning, what are some of those things that seemed easy at first, but were actually much more difficult?

Thursday 1 Kings 3:7-12

Question: I wonder what you might ask of God if given the chance like Solomon. What would you ask for?

Friday Ephesians 1:3-10

Question: Paul writes about the wisdom we have received through the cross of Christ. How can we use this knowledge in our Journey of Hope?

Saturday James 1:2-8

Question: James tells us to ask God for wisdom, just as Solomon did, but there was a word of caution that came with it. We should not doubt that God will offer wisdom and knowledge. How can you receive today and not doubt?
